

Sensor cube for multiaxial arrangement of SEIKA accelerometers and/or SEIKA inclinometers

Description

The SW3 can accommodate SEIKA sensors for measurements in up to three directions. The SEIKA inclinometers N3, N4, NB3 and all SEIKA accelerometers can be integrated in any combination according to customer's specifications.

Application

The interface converter connects any SEIKA sensor with RS485 data output interface to the RS232 port of a computer.

Technical Specifications

Material	nickel-plated brass
Weight excluding sensors	78gramms
Weight including sensors	approx. 145gramms
Electrical connection	cable or single wires as required

Dimensions (in mm)
